Hello Willow Spring Residents,

AT&T Fiber team here! You may have noticed a bit of construction going on in the neighborhood, which is us! Our ultra-fast Fiber internet has been installed in the community which is now available to each resident! We want to make sure you have all the information you need, so we are coming to you. AT&T will be hosting a Fiber Launch event in the community to educate everyone on all the changes happening and how this product compares to what you have now. More importantly, we will be able to move all our U-Verse/Copper customer to our much faster Fiber internet with new promotion and no contracts!

We will be allowing residents to sign up to secure priority install dates with exclusive promotions otherwise not available including free installation! We will be setting up an information booth with exclusive offers, brochures, giveaways, and cold drinks. We look forward to seeing you at the event.

If you cannot attend this event, you can reach out to Crystal for questions or sign up for our services at 919.627.4274.
